

TECHNICAL SKILLS

Meet with officials from HM Revenue & Customs and HM Treasury

Ensure your views and those of your firm are taken into account

Contribute to the development of HMRC's policy and practice

Kudos from participating and contributing

PERSONAL DEVELOPMENT

Soft skills

Work within groups, chair committees and work collectively rather than on your own

Have a say in how the Association is run

Contribute your thoughts and ideas to improve products for members and students

BECOMING INVOLVED

THE BENEFITS OF VOLUNTEERING

WHAT IS IN IT FOR YOU, YOUR PRACTICE OR EMPLOYER?

Volunteers at the ATT sit on a range of committees and steering groups to help shape the future of the Association and the industry as a whole. Most volunteers commit around half-a-day per quarter and, as well as helping the Association, get a range of benefits themselves.

CAREER DEVELOPMENT

Raises the profile of you and your firm within the wider industry

Excellent additional material for your CV

NETWORKING

Meet likeminded people

Interact with professionals from a wide range of practices, HMRC and related sectors

Seek a different perspective on ideas

GIVE SOMETHING BACK

Charitable organisations need support from their members

Give something back to the community and profession that you belong to

PRESTIGE

Being part of the governance of the leading professional body for those providing UK tax compliance services

WHAT DOES VOLUNTEERING INVOLVE?

You choose from a wide range of areas that you would like to take part in. Most groups meet on a quarterly basis. We can tailor your involvement to what you can contribute.
